DEFINITIONS AS USED IN THIS ENDORSEMENT

Accident includes continuous or repeated exposure to conditions or which results in bodily injury, property damage, or environmental damage which the insured neither expected nor intended.

Motor Vehicle means a land vehicle, machine, truck, tractor, trailer, or semitrailer propelled or drawn by mechanical power and used on a highway for transporting property, or any combination thereof.

Bodily Injury means injury to the body, sickness, or disease to any person, including death resulting from any of these.

Property Damage means damage to or loss of use of tangible property.

Environmental Restoration means restitution for the loss, damage, or destruction of natural resources arising out of the accidental discharge, dispersal, release or escape into or upon the land, atmosphere, watercourse, or body of water, of any commodity transported by a motor carrier. This shall include the cost of removal and the cost of necessary measures taken to minimize or mitigate damage to human health, the natural environment, fish, shellfish, and wildlife.

Public Liability means liability for bodily injury, property damage, and environmental restoration.

The insurance policy to which this endorsement is attached provides automobile liability insurance and is amended to assure compliance by the insured, within the limits stated herein, as a motor carrier of property, with Sections 29 and 30 of the Motor Carrier Act of 1980 and the rules and regulations of the Federal Motor Carrier Safety Administration (FMCSA).

In consideration of the premium stated in the policy to which this endorsement is attached, the insurer (the company) agrees to pay, within the limits of liability described herein, any final judgment recovered against the insured for public liability resulting from negligence in the operation, maintenance or use of motor vehicles subject to the financial responsibility requirements of Sections 29 and 30 of the Motor Carrier Act of 1980 regardless of whether or not each motor vehicle is specifically described in the policy and whether or not such negligence occurs on any route or in any territory authorized to be served by the insured or elsewhere. Such insurance as is afforded, for public liability, does not apply to injury to or death of the insured's employees while engaged in the course of their employment, or property transported by the insured, designated as cargo. It is understood and agreed that no condition, provision, stipulation, or limitation contained in the policy, this endorsement, or any other endorsement thereon,

or violation thereof, shall relieve the company from liability or from the payment of any final judgment, within the limits of liability herein described, irrespective of the financial condition, insolvency or bankruptcy of the insured. However, all terms, conditions, and limitations in the policy to which the endorsement is attached shall remain in full force and effect as binding between the insured and the company. The insured agrees to reimburse the company for any payment made by the company on account of any accident, claim, or suit involving a breach of the terms of the policy, and for any payment that the company would not have been obligated to make under the provisions of the policy except for the agreement contained in this endorsement.

It is further understood and agreed that, upon failure of the company to pay any final judgment recovered against the insured as provided herein, the judgment creditor may maintain an action in any court of competent jurisdiction against the company to compel such payment.

The limits of the company's liability for the amounts prescribed in this endorsement apply separately to each accident and any payment under the policy because of anyone accident shall not operate to reduce the liability of the company for the payment of final judgments resulting from any other accident.

5 Consecutive Satisfactory Ratings and 1 Administrative Review

Since APRIL 30, 2001

There is established in the California Vehicle Code a biennial motor carrier safety compliance inspection program to be conducted by the California Highway Patrol.

That program, known as the Biennial Inspection of Terminals (BIT) Program, requires all motor carriers operating trucks from terminals located in California to undergo an inspection of each operational terminal to rate their compliance with applicable laws and regulations relating to motor carrier safety.

This is to certify that this terminal has achieved consecutive satisfactory safety compliance ratings as indicated above. The California Highway Patrol congratulates this terminal on this meritorious achievement and recognizes the commitment to highway safety demonstrated by the personnel responsible for the operation of this terminal.

Your renewal application and fee for the mandatory truck terminal inspection under the Biennial Inspection of Terminals (BIT) program have been processed for your terminal located at 953 WEST REECE STREET, SAN BERNARDINO. Please retain this document as your record of having submitted an application and fees for the BIT program.

Your renewal BIT inspection required by Section 34501.12(e)(2), will be completed by a Motor Carrier Specialist assigned to the California Highway Patrol's (CHP) Inland Division Motor Carrier Safety Unit in San Bernardino. If your telephone number has changed, or if you have a question prior to your inspection, call the Inland Division Motor Carrier Safety Unit at (909) 806-2414.

The BIT inspection is an in-depth examination of your vehicle maintenance records, driver records, Department of Motor Vehicle's (DMV) Employer Pull Notice records, and timekeeping records for drivers. A representative sample of your vehicles will also be examined to determine the effectiveness of your maintenance program, the vehicle's safety condition, and compliance with the law.

In addition to your regular systematic preventive maintenance program, specific items on your vehicles must be inspected by the motor carrier at least every 90 days. Should you have any questions regarding your preventive maintenance program, you may wish to obtain a copy of the CHP publication 'Motor Carrier Safety Compliance Handbook,' HPH 84.6. This informative handbook is available for \$2.00, plus sales tax, at your nearest CHP office.

Any of your drivers required to have a Class A or a Class B driver's license or a special endorsement to operate your equipment must be enrolled in the DMV Employer Pull Notice Program. This is the law, and your company's compliance with it is critically important to pass your BIT inspection. If you need further enrollment information, you may contact the DMV Information Services, P.O. Box 944231, Sacramento, CA 94244-2310, or call (916) 657-6346.

Although your firm was approved under Primary Standard Industrial Classification (SIC) Code 4212, this does not prevent your firm being awarded contracts under other SIC Codes, as long as the firm is qualified to perform. In this regard, please note that you are responsible for researching and identifying potential contracts that may be available through the HUBZone Empowerment Contracting Program. However, the SBA can assist you in this effort through our Government Contracting web-site at www.sba.gov/GC. This site provides a wide array of valuable Federal contract marketing material, including identification of specific contracting opportunities and points of contact at SBA and Federal acquisition agencies. I encourage you to make full use of the very valuable information on this web-site. Also, although your status as a certified HUBZone greatly improves your access to Federal contracts, this certification does not guarantee contract awards. Your ability to research opportunities and bid competitively will be the key to your success in this program.

Good luck in your business endeavors!

Sincerely,

Michael McHale
Associate Administrator

THIS LICENSE IS ISSUED UNDER THE TERMS OF THE INTERNATIONAL FUEL TAX AGREEMENT AND IS VALID FOR VEHICLES OPERATED BY THE LICENSEE IN ALL IFTA JURISDICTIONS
CDTFA-442-IFTA REV. 7 (8-19) **A COPY OF THIS LICENSE MUST APPEAR IN EACH MOTOR VEHICLE**

This license, or an exact copy of this license, must be carried in the cab of each qualified motor vehicle registered under the California International Fuel Tax Agreement (IFTA) program. Along with this license, each vehicle must display one set of valid California IFTA decals on the exterior portion of the truck's cab; one decal on each side. In lieu of the IFTA decals, a valid CDTFA-442-T, *IFTA Temporary Decal Permit*, may be carried in the cab of the vehicle.

If you do not carry a copy of the IFTA license or do not display the IFTA decals in the required locations on the vehicle(s) (or carry in the cab a valid *California IFTA Temporary Decal Permit*), it will subject the vehicle operator to the requirement to purchase a fuel trip permit, issuance of a citation and/or imposition of a fine, and possible seizure and sale of the vehicle.

As a holder of this license, you accept certain responsibilities. You must keep adequate records that document the amount of fuel purchased, used, or stored; the amount of fuel tax paid; any fuel use that is exempt from tax; and the number of miles your qualified motor vehicle(s) operated in all IFTA and non-IFTA jurisdictions. Generally, you must keep records for four years.

You must file an IFTA Quarterly Fuel Use Tax Return no later than the last day of the month following the quarterly reporting period. You must file your quarterly return even if you did not purchase any fuel or operate your vehicle(s) in any IFTA jurisdiction during the reporting period. To file your return, please visit our website.

Your license is valid only for the entity named and type of ownership specified (for example, sole proprietorship, corporation, partnership, limited liability company, etc.). You should notify the California Department of Tax and Fee Administration (CDTFA) immediately if you make ownership changes, sell your business, stop operating, or otherwise close your California IFTA license account. Upon closure of your account, you must destroy this license, all copies, and remove all related decals issued by the CDTFA from your vehicle(s).

This license is valid only if issued by the CDTFA. Any agent or other person who alters or otherwise produces unauthorized fuel tax credentials is creating fraudulent documents, the use of which may result in civil liability, criminal prosecution, or revocation of the license.

If you have any questions, please call our Customer Service Center at 1-800-400-7115 (TTY:711). Customer service representatives are available Monday through Friday from 8:00 a.m. to 5:00 p.m. (Pacific time), except state holidays. You may also write to the CDTFA at the address listed above.
