Well organized, detail-oriented and performance-driven professional, with hands-on experience in Heavy Equipment Operations. Capable of adjusting rapidly to new and challenging situation as well as working well independently and as part of a team to meet time-sensitive deadlines. Seeking to obtain a Heavy Equipment Operator position with a respected organization where I can develop and utilize my versatile skill set.

Willing to relocate: Anywhere

Authorized to work in the US for any employer

## Work Experience

---

### **Bottom Dump Driver**

W.T.B. Trucking - Visalia, CA

October 2021 to Present

- Operate bottom dump- double trailers, load and unload aggregate material to be hauled in a safe and timely manner.
- Assist with loading and unloading and ensure that all loads are properly prepared, loaded and secure before the vehicle proceeds to avoid shifting, loosening, or falling while enroute; perform a thorough pre- and post- check to inspect the load and truck before and after each stop.
- Ensure a safe work environment in compliance with all company safety policies and procedures.
- Willingness to work in a team environment and provide good customer service to internal personnel and external carriers through effective communication and accurate record keeping.
- Must have excellent driving skills and a clean driving record.
- Ensure personal alertness and awareness of your surroundings at all times.
- Inspect equipment and report any problems or damage to your supervisor immediately
- Comply with all DOT, State and local traffic and highway laws, rules and regulations. Safely operate all equipment in compliance with all legal weight and load size limits.

### **Ready Mix Driver**

LEIGH HANSON - Hanford, CA

April 2021 to June 2021

- Deliver Ready Mix Concrete to the customer in a timely manner
- Maintain vehicle in a clean, organized, and safe fashion
- Perform minor roadside repairs
- Visually inspect mix, slump and verify load sized
- Work with customer to achieve maximum customer service
- Work closely with dispatch to ensure quickest and safest routes to jobs
- Assemble concrete chutes and operate chute controls during the pour
- Observe all safety precautions and rules specified by federal, state, and Company regulations including but not limited to: wearing property safety gear and attending safety meetings, perform pre-trip inspections, complete vehicle inspection reports, and report unsafe conditions and accidents

## **Road Equipment Operator 1**

Fresno County Public Works - Fresno County, CA  
August 2020 to January 2021

Drove and used Hot Truck to put asphalt on pot holes and road as well Patch Truck. Drove a 2 ton dump truck for green waste and trash clean up on roads. Water truck for side roads clean up and for compaction. Obey all state, local laws and companies policies. Look out for incoming traffic and pedestrians. Operated Heavy equipment as wheel Loader to load materials into Hot Truck and Patch truck. Use sheep foot compactor and tractor with roller compactor to compact soil. Used backhoe to load trash and waste from roads into a 2 ton Dump Truck. Traffic Control in areas that we were working in.

## **Class A Driver/Operator**

HydrochemPSC - Coalinga, CA  
October 2019 to August 2020

I drove dump trucks to haul concrete to designated areas follow OPL rules when dumping made sure to have a flag for lifting and drove water trucks for dust control on dirt roads. Did pre-trip and post-trip on Trucks. Obey all state, local laws including companies policies. Watch out for incoming traffic and pedestrians. Colas Test on air brakes. Tailgate meeting with supervisor and completed JSA. Some days operated the wheel loader to load concrete, dirt into dump truck and pipes into bins. Other days help my coworkers to cut pipes and disconnects. Flag and cone area for operator maintain open communication with coworkers.

## **Heavy Equipment Operator**

Waste Connections - Avenal, CA  
December 2018 to October 2019

My job is to safely inspect equipment and operate 856H compactor to compact trash in the landfill in a safe manner, watch my surroundings and keep everyone safe. Also operate D6 and D8 to push special waste or to grade, as well to cover up trash with fiends. Use water trucks for dust control and odor control around landfill. Operate wheel loader for picking up metals and scraps into bins. Backhoe to dig up trenches and pick up scraps. Operate Excavator to excavate clean dirt. End of the day close up daily inspection sheet.

## **Heavy Equipment Operator/Laborer**

Kings River Commodities - Laton, CA  
August 2018 to December 2018

I drive a tractor to spread feed with auger trailer, scrape feed to flip over to dry, and make piles with wheel loader. I fill trailers with feed with the wheel loader. Use forklift to unload pallets.
